MBBS Admission Prospectus

Our Blessing

"The Famous Temple of Shri Balaji Maharaj in Shikohabad Distt. Firozabad (U.P.) known as a great religious place of North India, where thousands of pilgrims & devotees come to seek the blessings of Shri Balaji Maharaj.

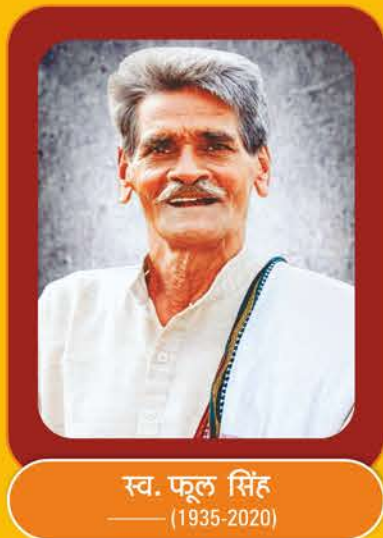

The temple is having the light of Mehandipur Balaji (Rajasthan)

FS University, which emerged from its FS Education Group traces its origins back to the establishment of the Fulan Singh Jan Kalyan Trust in 2003. We have been able to achieve all this by the utmost blessing of Shri Balaji Maharaj.

श्री बालाजी महाराज
शिकोहाबाद, उत्तर प्रदेश

Our Inspiration

स्व. फूल सिंह
(1935-2020)

“जिनके जीवन मूल्यों, आदर्शों एवं समाज को उत्कृष्ट शिक्षा प्रदान करने के स्वप्न को साकार करने की अभिव्यक्ति हेतु विश्वविद्यालय की स्थापना की गयी है।”

It was the year 2003, Dr. Dilip Yadav decided to fulfill the dream of his beloved father, Late (Shri) Ful Singh, for establishing various institutions to provide quality education to the society of the region & beyond. FS University is a tribute to him which is an initiative of Fulan Singh Jan Kalyan Trust in an attempt to make Shikohabad within the state as recognized destination for knowledge seekers from different spheres of life. FS University pays sincere tribute to our beloved visionary Patron Late (Shri) Ful Singh Ji.

About Fulan Singh Jan Kalyan Trust

Fulan Singh Jan Kalyan Trust is a philanthropic organisation committed to advancing education, healthcare, research and social welfare. Established with the vision of creating meaningful and lasting contributions to society, the Trust has consistently worked towards empowering individuals and communities through quality education, accessible healthcare and sustainable development initiatives.

The establishment of Fulan Singh Medical College, FS University and FS Hospital reflects the Trust's unwavering commitment to developing a centre of excellence in medical education, clinical care, research and innovation. The institution has been envisioned as a place where aspiring medical professionals receive world-class education, comprehensive clinical training and opportunities to contribute to scientific advancement while serving society with compassion and integrity.

Beyond establishing educational institutions, the Trust remains dedicated to improving the quality of life through healthcare initiatives, community outreach programmes, preventive health awareness campaigns and rural health services.

The guiding objectives of the Trust are to:

- Promote quality and inclusive education by creating opportunities for students to pursue academic and professional excellence.
- Strengthen healthcare delivery through accessible, affordable and "patient-centred" medical services for both urban and rural communities.
- Foster research and innovation in medicine, healthcare and allied sciences to address contemporary societal needs.
- Nurture ethical, competent and compassionate healthcare professionals committed to excellence in patient care and lifelong learning.
- Contribute to nation-building through community engagement, public health initiatives and the development of institutions that create a lasting social impact.

With a steadfast commitment to excellence and service, Fulan Singh Jan Kalyan Trust continues to invest in initiatives that transform lives through education, healthcare, research and community development. Through its institutions and outreach programmes, the Trust remains dedicated to building a healthier, more knowledgeable and socially responsible society for future generations.

Vision

To emerge as a centre of excellence in medical education, healthcare, research and innovation by nurturing competent, compassionate and ethically grounded healthcare professionals, advancing evidence-based clinical practice and delivering "patient-centred" healthcare that meets national priorities and global standards.

Mission

Our mission is to deliver excellence in medical education through a competency-based, "learner-centric" curriculum that integrates scientific knowledge, clinical skills, ethical values and professionalism. We are committed to providing evidence-based, "patient-centred" healthcare while fostering research, innovation and lifelong learning. Through quality education, advanced clinical training, community engagement and interdisciplinary collaboration, we strive to develop competent, compassionate and socially responsible healthcare professionals who contribute meaningfully to the health and well-being of society.

Core Values

Compassion : We place patients at the heart of everything we do, delivering healthcare with empathy, dignity, respect and humanity.

Excellence : We strive for the highest standards in medical education, clinical practice, research, innovation and patient care through continuous improvement and academic rigour.

Integrity : We uphold honesty, professionalism, ethical conduct and transparency in all our academic, clinical, research and administrative endeavours.

Innovation : We embrace scientific advancement, digital technologies and innovative teaching and healthcare practices to improve learning, research and patient outcomes.

Service : We are dedicated to improving the health and well-being of society through accessible healthcare, community outreach, preventive medicine and public health initiatives.

Collaboration : We foster teamwork, mutual respect and interdisciplinary partnerships among students, faculty, healthcare professionals, researchers and the community to achieve excellence in education and healthcare.

Accountability : We remain responsible and accountable to our patients, students, faculty, regulatory bodies and society by maintaining the highest standards of quality, safety and professional responsibility.

From The Chancellor's Desk

It is with immense pride and great pleasure that I welcome you to Fulan Singh Medical College, FS University and FS Hospital Shikohabad, a constituent institution of FS University.

The establishment of this medical college marks a significant milestone in our unwavering commitment to strengthening healthcare through excellence in medical education. We believe that quality healthcare begins with quality medical education, and our vision is to nurture doctors who combine academic excellence with compassion, integrity and a deep sense of social responsibility.

Medicine is one of the noblest professions, demanding not only knowledge and clinical expertise but also empathy, ethics and an enduring commitment to human welfare. At Fulan Singh Medical College, FS University, we have created an academic ecosystem that inspires curiosity, critical thinking, innovation and lifelong learning. Our goal is to prepare future physicians who are equipped to address the evolving healthcare challenges of India and contribute meaningfully to the global medical community.

Supported by FS Hospital, a modern teaching hospital, advanced infrastructure, experienced faculty, technology-enabled learning resources and a "patient-centred" approach to healthcare, the college provides an environment where students can excel academically while developing the professional values essential for becoming responsible medical practitioners.

I warmly invite you to become a part of this exciting journey. Together, let us build a future where knowledge serves humanity, innovation advances healthcare and every graduate carries forward the highest ideals of the medical profession.

I wish each one of you a fulfilling journey of learning, discovery and service, and every success in your pursuit of excellence.

With warm regards and best wishes,

DR. DILEEP YADAV
(Ex-MLC)
CHANCELLOR

From The Pro-chancellor's Desk

I warmly welcome you to Fulan Singh Medical College, FS University and FS Hospital, Shikohabad, a constituent institution of FS University, established to advance excellence in medical education, research and patient care.

Choosing a career in medicine is a decision to dedicate your knowledge, skills and compassion to improving the lives of others. It is a profession that demands intellectual excellence, unwavering integrity and a lifelong commitment to learning. At Fulan Singh Medical College, FS University and FS Hospital, we are committed to providing an educational environment that empowers students to meet these expectations with confidence and competence.

Our institution has been established with a clear focus on academic excellence, clinical proficiency, research, innovation and ethical medical practice. By integrating a competency-based curriculum with early clinical exposure, simulation-based learning, modern laboratories, digital technologies and a multidisciplinary teaching approach, we strive to prepare graduates who are ready to meet the evolving challenges of healthcare.

We firmly believe that the best medical education extends beyond classrooms and textbooks. It is shaped through patient interactions, scientific inquiry, teamwork, community engagement, and a culture of continuous improvement. Supported by an experienced faculty, a well-equipped teaching hospital and state-of-the-art infrastructure, our students receive comprehensive training that develops not only their professional competence but also their compassion, communication skills and leadership qualities.

I wish you every success as you begin this rewarding journey towards becoming skilled and compassionate healthcare professionals.

With best wishes,

DR. YOGESH YADAV
PRO-CHANCELLOR

From The Trustee's Desk

It is a privilege to welcome you to Fulan Singh Medical College, FS University and FS Hospital, Shikohabad, an institution established with a firm belief that quality medical education has the power to transform lives, strengthen communities and contribute to the nation's progress.

Our vision extends beyond creating doctors with academic excellence. We aspire to nurture healthcare professionals who embody compassion, integrity, humility and an unwavering commitment to patient care. Every student who joins this institution becomes a part of a larger mission to serve humanity with knowledge, empathy and professionalism.

The college has been developed with modern infrastructure, advanced learning resources, experienced faculty and a well-equipped teaching hospital to provide an environment where students can learn, grow and excel. Equally important is our emphasis on ethical

values, discipline, teamwork and social responsibility, which form the foundation of a successful medical career.

As healthcare continues to evolve, we remain committed to providing an educational ecosystem that encourages innovation, research, critical thinking, and lifelong learning. We believe that every graduate of Fulan Singh Medical College should leave not only as a competent physician but also as a compassionate individual dedicated to improving the health and well-being of society.

I wish you a fulfilling academic journey and every success as you prepare to serve humanity through the noble profession of medicine.

With warm regards and best wishes,

DR. RAHUL YADAV
TRUSTEE

From The Trustee's Desk

Choosing a medical career is both a privilege and a responsibility. It is a path that demands perseverance, excellence, compassion and an unwavering dedication to the service of humanity. At Fulan Singh Medical College, FS University and FS Hospital, Shikohabad, we are committed to creating an environment where these values are nurtured from the very first day of your academic journey.

Our institution reflects the collective vision of the FS Education Group to establish a centre of excellence that integrates world-class medical education with quality healthcare and meaningful community service. Every aspect of the college has been thoughtfully developed to provide students with opportunities for academic achievement, clinical exposure, research, innovation and holistic personal development.

We believe that true success in medicine is measured not only by professional accomplishments but also by the lives touched through compassionate care, ethical practice and a lifelong commitment to learning.

Guided by experienced faculty and supported by a modern teaching hospital, our students are encouraged to develop the knowledge, confidence and character required to become responsible healthcare leaders.

As you embark on this remarkable journey, I encourage you to embrace every opportunity to learn, question, innovate and serve. I am confident that your years at Fulan Singh Medical College will shape you into a doctor who is respected not only for clinical competence but also for integrity, empathy and dedication to society.

May your journey be filled with purpose, achievement and the satisfaction of making a meaningful difference in the lives of others.

DR. NITIN YADAV
TRUSTEE

From The Vice Chancellor's Desk

PROF. (DR.) SANJEEV BHARDWAJ
VICE CHANCELLOR

"I wish you every success in your academic journey and a bright future in the noble service of healthcare."

It is a matter of great pride to introduce Fulan Singh Medical College, FS University and FS Hospital, Shikohabad, where the academic strength of FS University and the clinical excellence of FS Hospital come together to prepare the next generation of healthcare professionals. As you prepare to embark on one of the most rewarding and respected professions, I congratulate you on choosing a path dedicated to healing, compassion and service to humanity.

At FS University, we believe that medical education must extend beyond the classroom. It should inspire critical thinking, scientific curiosity, ethical practice, clinical competence and a deep sense of social responsibility. Fulan Singh Medical College & Hospital has been established with this philosophy at its core, providing an academic environment where excellence in education is seamlessly integrated with quality patient care, research and innovation.

At Fulan Singh Medical College, equal importance is given to academic excellence, professional ethics, communication skills, leadership and community engagement. We strive to nurture healthcare professionals who uphold the highest standards of integrity and make meaningful contributions to improving the quality of life of individuals and communities.

From The Director General's Desk

PROF. (DR.) ABHINAV SRIVASTAVA
DIRECTOR GENERAL

"I wish you a fulfilling academic journey and every success in the noble profession you have chosen."

Welcome to Fulan Singh Medical College, FS University and FS Hospital, Shikohabad, where aspirations are transformed into purpose and future doctors are prepared to meet the ever-evolving needs of healthcare with competence, compassion and confidence.

The journey to becoming a doctor is one of the most demanding and rewarding experiences in higher education. It requires intellectual curiosity, unwavering discipline, resilience, ethical conduct and an enduring commitment to serving humanity. At Fulan Singh Medical College, we have created an academic environment that supports students at every stage of this transformative journey.

Every aspect of the institution has been thoughtfully designed to provide an enriching learning experience. Modern lecture theatres, advanced laboratories, simulation facilities, digital learning resources, an experienced and dedicated faculty and a well-equipped teaching hospital together create an ecosystem where academic excellence and clinical training go hand in hand.

At Fulan Singh Medical College, we view education as a continuous journey of discovery and growth. We encourage our students to ask questions, challenge conventional thinking, pursue research, develop leadership qualities and embrace lifelong learning.

From The Dean's Desk

It is with great pride that I welcome you to Fulan Singh Medical College, FS University and FS Hospital, Shikohabad. By choosing to pursue your medical education with us, you are embarking on a journey that is both intellectually enriching and deeply meaningful. Medicine is a profession founded on knowledge, compassion, ethics and an unwavering commitment to improving the lives of others.

At Fulan Singh Medical College, our objective is to create an academic environment where students are inspired to learn, encouraged to question and empowered to excel. The MBBS programme has been designed in accordance with the Competency Based Medical Education (CBME) curriculum, ensuring that every student develops the knowledge, clinical skills, professional attitudes and ethical values expected of a modern physician.

Learning at our institution extends well beyond the classroom. Through early clinical exposure, skill laboratories, simulation-based training, integrated teaching, bedside learning, community based education and research opportunities, students gain practical experience that prepares them to meet real-world healthcare challenges with confidence and compassion.

Our greatest strength is our dedicated faculty, who serve not only as teachers but also as mentors and role models. They are committed to fostering a culture of academic excellence, critical thinking, professionalism and lifelong learning. We believe that every student deserves individual attention, continuous guidance and opportunities to realise their full potential.

The teaching hospital forms the cornerstone of our medical education programme, providing rich clinical exposure across a broad spectrum of specialties. This enables students to develop sound clinical judgment, effective communication skills and a patient centred approach to care while understanding the importance of teamwork and interdisciplinary collaboration.

On behalf of the faculty and staff, I extend my best wishes for a rewarding and memorable journey. We look forward to guiding, supporting and celebrating your achievements as you grow into competent, compassionate and responsible medical professionals who will make a lasting difference in society.

With warm regards and best wishes,

Dr. (Prof.) Rajesh Vinodray Mehta
DEAN (FSMC)

About FS University

FS University, Shikohabad, Uttar Pradesh, is a multidisciplinary institution of higher education committed to advancing knowledge, fostering innovation and creating professionals who lead with competence, integrity and social responsibility. Established with a vision to deliver transformative education and contribute meaningfully to national development, the University has emerged as a vibrant centre of academic excellence, research, healthcare and community engagement.

The University offers a comprehensive range of diploma, undergraduate, postgraduate, and doctoral programmes across diverse disciplines, including Medical Sciences, Allied Health Sciences, Nursing, Pharmacy, Engineering & Technology, Agriculture, Management, Commerce, Computer Applications, Law, Education, Arts, Science, Biotechnology and Humanities.

This multidisciplinary ecosystem promotes intellectual collaboration, interdisciplinary learning and innovation, enabling students to acquire a broad perspective while developing expertise in their chosen fields.

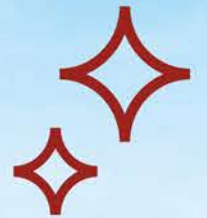

Academic excellence at FS University is founded on a "learner-centric" philosophy that integrates outcome-based education, experiential learning, and contemporary pedagogical practices. A distinguished faculty, modern teaching methodologies, technology-enabled classrooms, advanced laboratories, a comprehensive library, digital learning resources and research-oriented infrastructure collectively provide an environment that inspires critical thinking, scientific inquiry, creativity and lifelong learning.

Research, innovation and entrepreneurship are integral to the University's academic culture. Faculty members and students are encouraged to pursue interdisciplinary research, undertake funded projects, publish scholarly work, secure intellectual property and develop innovative solutions that address emerging societal and healthcare challenges. Through collaborations with academic institutions, healthcare organisations, industry partners and government agencies, the University continually enriches its academic and research ecosystem.

Healthcare represents one of the University's foremost areas of excellence. Fulan Singh Medical College, FS University, supported by FS Hospital, reflects the University's commitment to delivering high-quality

medical education, evidence-based clinical training, advanced patient care, and impactful biomedical research.

Driven by an unwavering commitment to excellence, innovation, integrity and service, FS University continues to strengthen its reputation as a centre of higher learning that nurtures future leaders, researchers, entrepreneurs and healthcare professionals. Through a harmonious blend of academic rigour, clinical excellence, research and community engagement, the University remains steadfast in its mission to shape individuals who will make enduring contributions to society, the nation and the global community.

FS Hospital

A Multi Super-Speciality Teaching Hospital

FS Hospital, the teaching hospital of Fulan Singh Medical College, FS University, is a modern multi Super-speciality healthcare institution committed to delivering high-quality, "patient-centred" and evidence-based medical care. Designed to integrate excellence in healthcare with excellence in medical education, the hospital serves as the cornerstone of clinical training for medical students, providing an ideal environment for experiential learning, clinical skill development and professional growth. Equipped with state-of-the-art medical technology, advanced diagnostic and therapeutic facilities, modern operation theatres, intensive care units, emergency and trauma services and specialised clinical departments, FS Hospital offers comprehensive healthcare across a wide spectrum of medical and surgical specialties. The hospital caters to patients from urban, semi-urban and rural communities, ensuring accessible, affordable and quality healthcare while providing students with diverse and meaningful clinical exposure.

As a teaching hospital, FS Hospital seamlessly integrates patient care, medical education and research. Students benefit from structured bedside teaching, early clinical exposure, simulation-based learning, interdisciplinary case discussions and mentorship by experienced clinicians and academicians. This immersive learning environment enables future physicians to develop sound clinical judgment, effective communication skills, professional ethics and a compassionate, "patient-centred" approach to healthcare. Committed to continuous quality improvement, innovation and academic excellence, FS Hospital promotes evidence-based clinical practice, research, public health initiatives and community outreach programmes. By combining advanced healthcare infrastructure with a strong academic foundation, the hospital plays a pivotal role in preparing competent, ethical and socially responsible medical professionals capable of addressing the evolving healthcare needs of the nation and the global community.

Hospital Highlights

FS Hospital has been designed as a modern multi Super-speciality teaching hospital, offering advanced healthcare services while providing an exceptional clinical learning environment for future medical professionals.

Key features include:

- Modern multi Super-speciality healthcare facility with state-of-the-art infrastructure.
- Comprehensive outpatient, inpatient, emergency and critical care services.
- Fully equipped 24x7 Emergency and Trauma Centre for prompt and comprehensive emergency care.
- Advanced Critical Care Units, including ICCU, MICU, SICU, PICU and NICU, supported by modern life-support systems.
- Comprehensive medical, surgical and Super-speciality departments providing multidisciplinary patient care.
- Advanced diagnostic and imaging facilities, including modern pathology, radiology and laboratory services.
- Modular operation theatres equipped with contemporary surgical technologies and infection control systems.
- Integrated teaching hospital offering extensive bedside teaching, early clinical exposure, simulation-based learning and hands-on clinical training for undergraduate and postgraduate students.
- Commitment to quality healthcare, patient safety, continuous medical education, research and community outreach programmes.

- Dentistry, Maxillofacial & Craniofacial Surgery
- Critical Care Medicine
- Reproductive Medicine & IVF Centre
- Paediatric Surgery
- Surgical Oncology (Onco Surgery)

Academic Excellence

At Fulan Singh Medical College, FS University, academic excellence is built upon a strong foundation of competency-based education, innovative teaching methodologies and experiential learning. Our MBBS programme is designed in accordance with the Competency-Based Medical Education (CBME) curriculum, ensuring that students acquire the knowledge, clinical skills, professional attitudes and ethical values required of a modern physician.

Supported by experienced faculty, advanced teaching facilities and a patient-rich teaching hospital, the institution provides an academically stimulating environment that encourages critical thinking, scientific inquiry, clinical reasoning and lifelong learning.

Academic Highlights

- Competency-Based Medical Education (CBME) aligned with NMC guidelines.
- Experienced and highly qualified faculty from reputed medical institutions.
- Integrated and interdisciplinary teaching-learning approach.
- Early Clinical Exposure (ECE) and bedside teaching from the initial phase of training.
- Advanced simulation and "skill-based" learning for clinical competency development.
- Research-oriented education with opportunities for innovation and scientific inquiry.
- Community-based medical education through rural and urban health postings.
- Continuous formative assessment, mentoring and structured feedback mechanisms.
- Emphasis on professionalism, ethics, communication skills and "patient-centred" care.

ACADEMIC INFRASTRUCTURE

The academic infrastructure at Fulan Singh Medical College, FS University has been thoughtfully designed to provide an engaging, technology-enabled and "learner-centric" educational environment that supports excellence in teaching, learning, research and clinical training.

ECO-FRIENDLY CAMPUS

HIGH-SPEED WIFI

WELL-CONNECTED WITH BUS TRANSPORT

INDOOR AND OUTDOOR SPORTING FACILITIES

IN HOUSE CONVENIENCE STORE

CAFETERIA

AMPHITHEATRE

STATE-OF-THE-ART LABORATORIES

HOSTEL FACILITIES IN CAMPUS

Smart Lecture Theatres

Spacious, air-conditioned lecture theatres are equipped with modern educational technology to facilitate interactive and effective learning.

Features include:

- Fully air-conditioned learning environment.
- Ergonomically designed seating with adequate capacity.
- Advanced audio-visual teaching systems.
- LCD projectors and interactive smart boards.
- Digital lecture capture and presentation facilities.
- High-speed internet connectivity for technology-enabled learning.

Departmental Laboratories

Well-equipped laboratories provide students with hands-on practical experience and facilitate the development of scientific knowledge and laboratory skills.

Major laboratories include:

- Anatomy Dissection Hall
- Histology Laboratory
- Physiology Laboratories
- Biochemistry Laboratory
- Microbiology Laboratory
- Pathology Laboratory
- Pharmacology Laboratory
- Clinical Skills Laboratories
- Research & Experimental Laboratories

Simulation and Clinical Skill Centre

The Simulation and Skill Centre provides a safe and structured environment where students can acquire and refine essential clinical competencies before engaging in patient care.

Training facilities include:

- Basic Life Support (BLS) Training
- Advanced Cardiac Life Support (ACLS) & Advanced Life Support (ALS) Training
- Clinical Examination and Bedside Skills
- Procedural and Surgical Skills Practice
- Emergency Response and Trauma Simulation
- Communication, Teamwork and Clinical Decision-Making Exercises
- Objective Structured Clinical Examination (OSCE) Preparation

Central Library

The Central Library serves as the academic knowledge hub of Fulan Singh Medical College, supporting medical education, clinical practice, research and lifelong learning. Designed to provide access to high-quality print and digital resources, the library offers a modern, technology-enabled environment for students, faculty, clinicians and researchers.

Library Highlights

- Collection of 20,000+ medical and allied health science books.
- Subscription to 100+ national and international print and online journals.
- Access to Elsevier Clinical Key and other digital learning resources.
- Wi-Fi-enabled, fully air-conditioned reading environment.
- Dedicated internet centre with 50+ computer workstations.
- Separate reading areas for undergraduate students, postgraduate students, faculty and researchers.
- Departmental libraries supporting discipline-specific learning.
- Institutional Repository for academic and research resources.
- Plagiarism detection software to promote academic integrity.
- Digital catalogue and e-resource access for efficient information retrieval.
- Photocopying, printing, scanning & document support services.
- CCTV-enabled, secure & student-friendly learning environment.

Clinical Training Advantage

At Fulan Singh Medical College, FS University, clinical training forms the cornerstone of the medical programme. Supported by FS Hospital, students receive early and progressive clinical exposure in a dynamic healthcare environment that bridges classroom learning with real-world patient care. Under the guidance of experienced clinicians and faculty, students develop strong clinical reasoning, procedural competence, communication skills, professionalism and a "patient-centred" approach to healthcare.

The integrated clinical training programme provides extensive hands-on learning through:

- Comprehensive exposure to Outpatient (OPD) and Inpatient (IPD) services across a wide range of medical and surgical specialities.
- Structured clinical rotations in Emergency Medicine, Trauma Care, Operation Theatres and Critical Care Units.
- Clinical postings in speciality and Super-speciality departments for multidisciplinary learning.
- Bedside teaching with emphasis on patient history taking, physical examination, clinical reasoning, diagnosis and management.
- Interactive case discussions, grand rounds, clinical demonstrations and evidence-based learning sessions.
- Skill development through simulation-based training and supervised procedural practice.
- Community-based medical education through Urban Health Training Centres (UHTCs) and Rural Health Training Centres (RHTCs), enabling students to understand public health challenges, preventive medicine and primary healthcare delivery.
- Opportunities to participate in health camps, outreach programmes, disease prevention initiatives and national public health programmes.
- Continuous mentoring and formative assessment to ensure the progressive development of clinical competence, professional ethics and compassionate patient care.

Why Choose?

Fulan Singh Medical College, FS University?

Fulan Singh Medical College, FS University and FS Hospital, offers an academic ecosystem that combines excellence in medical education with comprehensive clinical training, research, innovation and compassionate patient care. With its modern teaching hospital, experienced faculty, "learner-centric" approach and commitment to ethical medical practice, the institution provides students with the knowledge, skills and professional values required to excel in an ever-evolving healthcare landscape.

Distinctive Advantages

- NMC-Aligned Medical Education through a Competency-Based Medical Education (CBME) curriculum designed to meet national standards and global expectations.
- Integrated Multi Super-Speciality Teaching Hospital offering extensive clinical exposure and hands-on learning across a wide range of medical and surgical specialties.
- Experienced and Dedicated Faculty committed to academic excellence, mentorship, research and holistic student development.
- State-of-the-Art Academic Infrastructure, including smart lecture theatres, advanced laboratories, simulation and skill centres, digital learning resources and a modern medical library.
- Research and Innovation Ecosystem that encourages scientific inquiry, evidence-based practice, interdisciplinary collaboration and participation in research projects.
- Simulation-Based Clinical Skills Training enabling students to develop confidence and procedural competence in a safe and structured learning environment.
- Comprehensive Clinical Exposure through OPDs, IPDs, Emergency and Trauma services, Intensive Care Units, Operation Theatres, Speciality Clinics and Community Health Centres.
- Student-Centred Learning Environment with integrated teaching, continuous mentoring, formative assessment and personalised academic support.

Fulan Singh Medical College & Hospital established in the year 2026 under the aegis of Fulan Singh Jan Kalyan Trust, envisions an ambience of excellence, inspiring value-based education, research and development. Fulan Singh is approved for an intake of 150 students in MBBS course by National Medical Commission (NMC), Ministry of Health and Family Welfare, Government of India. The institute provides comprehensive facilities for teaching, research, diagnostic facilities and patient care. Fulan Singh primarily imparts medical education of the highest standards to its MBBS.

Key Facts & Figures

- » Well equipped medical labs with focus on making students learn the use of latest equipment.
- » Faculty from top hospitals and medical colleges of India.
- » Focus on participation in various medical competitions both nationally and internationally.
- » Emphasis on 'learning by doing' to put theory into practice.
- » Internship opportunities at the 600+ bedded Super-speciality FS Hospital.
- » 20,000+ Books.

MBBS Programme at a Glance

The Bachelor of Medicine and Bachelor of Surgery (MBBS) programme at Fulan Singh Medical College, FS University, is designed in accordance with the National Medical Commission (NMC) Competency-Based Medical Education (CBME) curriculum. The programme integrates academic excellence, early clinical exposure, simulation-based learning, research, community engagement and extensive clinical training to prepare students for a successful career in medicine.

Programme	Bachelor of Medicine & Bachelor of Surgery (MBBS)
Programme Duration	4½ Years of academic study followed by 1 Year of Compulsory Rotating Medical Internship (CRMI)
Annual Intake	150 Students (Subject to NMC approval and applicable regulations)
Admission Eligibility	As prescribed by the National Medical Commission (NMC) and admission through NEET as per prevailing Government regulations
Curriculum	Competency-Based Medical Education (CBME) with Early Clinical Exposure (ECE), AETCOM, Electives, Self-Directed Learning (SDL) and Integrated Teaching
Clinical Training	Extensive hands-on clinical training through FS Hospital, simulation laboratories, community postings, bedside teaching and speciality rotations
Internship	One-Year Compulsory Rotating Medical Internship (CRMI) across major clinical departments as per NMC norms

Academic Departments

The MBBS programme is supported by well-established pre-clinical, para-clinical and clinical departments, each equipped with experienced faculty, modern laboratories and advanced teaching facilities.

Pre-Clinical Departments

-  Anatomy
-  Physiology
-  Biochemistry

Para-Clinical Departments

-  Pathology
-  Microbiology
-  Pharmacology
-  Community Medicine
-  Forensic Medicine & Toxicology

Clinical Departments

-  Psychiatry
-  Paediatrics
-  Orthopaedics
-  General Surgery
-  Radio-diagnosis
-  Ophthalmology
-  Anaesthesiology
-  General Medicine
-  Emergency Medicine
-  Respiratory Medicine
-  Obstetrics & Gynaecology
-  Otorhinolaryngology (ENT)
-  Dermatology, Venereology & Leprosy

Through these departments, students receive comprehensive academic instruction, structured laboratory training, early clinical exposure, bedside teaching, community-based learning and multidisciplinary clinical experience, ensuring the development of competent, compassionate and future-ready medical professionals.

Student Handbook, Admission Policies & Institutional Regulations

As a medical student, you are entering a journey that demands academic excellence, professional integrity, compassion, discipline, and a lifelong commitment to learning and patient care.

This handbook has been prepared to familiarize students with the academic framework, institutional policies, campus facilities, professional expectations, and student support systems that will guide them throughout the MBBS programme. Every student is expected to uphold the highest standards of ethical conduct, professionalism, respect and responsibility while representing the institution and the medical profession.

Academic Calendar

The Academic Calendar serves as the official roadmap for the academic year and is published prior to the commencement of each academic session. It provides a comprehensive schedule of academic and institutional activities, including the commencement of classes, the Foundation Course, the White Coat Ceremony, teaching and learning schedules, internal assessments, clinical postings, community medicine field visits, university examinations, research and academic activities, sports, cultural and co-curricular events, vacations, holidays and the annual convocation. Students are expected to familiarize themselves with the Academic Calendar and regularly access the College ERP Portal, official website and institutional notice boards to stay informed about important announcements, schedules and updates throughout the academic year.

Professional Dress Code

Medical students are ambassadors of the medical profession and are expected to maintain a neat, dignified and professional appearance at all times. Students shall wear the prescribed institutional dress code along with a clean white apron and official name badge during academic sessions, laboratory work, clinical postings and hospital duties. Appropriate grooming, personal hygiene and professional etiquette are expected throughout the programme.

White Coat Policy

The White Coat represents knowledge, compassion, responsibility, and professionalism. Students are expected to wear a clean white apron with the official name badge during practical sessions, clinical postings, laboratory classes, demonstrations and hospital visits. White coats should be worn only for academic and clinical purposes and handled with dignity and professionalism.

Attendance

Attendance is an essential component of medical education. Students must maintain the minimum attendance prescribed by the National Medical Commission (NMC) in theory, practicals, tutorials, skill laboratories, clinical postings and community-based learning activities. Regular attendance ensures continuity of learning and eligibility for internal assessments and university examinations.

Foundation Course

The MBBS programme begins with the Foundation Course as prescribed by the National Medical Commission. The course introduces students to professionalism, ethics, communication skills, language proficiency, basic life support, computer applications, stress management, hospital systems and community orientation, facilitating a smooth transition into the medical profession.

Mentorship Programme

Every MBBS student is assigned a faculty mentor who provides continuous academic guidance, personal support, career counselling and professional mentoring throughout the programme. The mentorship system promotes holistic student development and helps students successfully navigate academic and personal challenges.

Patient Confidentiality

Respecting patient privacy is a fundamental ethical and legal responsibility. Students shall maintain complete confidentiality of all patient information and shall not photograph, record or share any patient-related information without appropriate institutional authorization. The use of patient information on social media or other digital platforms is strictly prohibited.

Professional Conduct & Medical Ethics

Professionalism forms the foundation of medical practice. Students are expected to demonstrate honesty, integrity, empathy, respect for patients, confidentiality, teamwork and accountability in all academic and clinical settings. Every interaction with patients, faculty members, healthcare professionals and fellow students should reflect the highest standards of medical ethics and professional behaviour.

Student Safety & Well-being

Student welfare remains a priority of the institution. The campus is equipped with comprehensive safety measures including CCTV surveillance, trained security personnel, fire safety systems, emergency response mechanisms and access to round-the-clock emergency medical services. Counselling and wellness support are available to promote student's physical and emotional well-being.

Student Support Services

The institute offers a wide range of student support services designed to foster academic success and holistic development, including:

- Academic Mentoring
- Career Guidance
- Psychological Counselling
- Language and Communication Support
- Research Mentorship
- Alumni Interaction
- Professional Development Programmes

Student Life

Medical education extends beyond classrooms and hospitals. Students are encouraged to actively participate in literary, cultural, sports, research, innovation and community service activities. Student societies, clubs, NSS, health awareness campaigns, blood donation drives, environmental initiatives, scientific conferences, quizzes, debates and cultural events provide opportunities for leadership, teamwork, creativity and personal growth.

Research & Innovation

The institute actively promotes a culture of scientific inquiry and innovation. Students are encouraged to participate in research projects, ICMR Short-Term Studentship (STS) programmes, scientific conferences, publications, poster presentations, innovation challenges and community-based research initiatives under the guidance of experienced faculty members.

Student Responsibilities

Every student of Fulan Singh Medical College, FS University is expected to:

- Pursue academic excellence with sincerity and discipline.
- Maintain professionalism, integrity and ethical conduct.
- Respect patients, faculty, staff and fellow students.
- Safeguard patient dignity and confidentiality.
- Comply with institutional and NMC regulations.
- Contribute positively to community health and social welfare.
- Represent the institution with pride, responsibility and professionalism.

Admission Policies, Eligibility, Fees & Financial Information

Admission Policy

Admissions to the Bachelor of Medicine and Bachelor of Surgery (MBBS) programme at Fulan Singh Medical College, FS University, are conducted strictly in accordance with the regulations and guidelines issued by the National Medical Commission (NMC), and other competent authorities, as applicable.

Admission to the MBBS programme is based solely on merit secured in the National Eligibility-cum-Entrance Test (NEET-UG) followed by the prescribed counselling process. All admissions remain provisional until verification of eligibility, submission of requisite documents, payment of prescribed fees and approval by the competent authority.

Eligibility Criteria

Candidates seeking admission to the MBBS programme must satisfy the eligibility requirements prescribed by the National Medical Commission and the designated counselling authority. Applicants should have qualified NEET-UG in the relevant academic session and successfully completed 10+2 or its equivalent with Physics, Chemistry, Biology/Biotechnology and English from a recognized board. Candidates must also fulfil the prescribed age criteria, qualifying marks and all other eligibility conditions applicable at the time of admission.

Documents Required

Candidates must produce all original documents along with self-attested photocopies at the time of admission. These ordinarily include the NEET-UG Admit Card and Score Card, Counselling Allotment Letter, Class X and XII Certificates and Mark Sheets, Transfer Certificate, Migration Certificate (where applicable), Character Certificate, Aadhaar Card and other Government-issued Photo Identity, Passport-size Photographs, Medical Fitness Certificate, Category and Domicile Certificates (where applicable), Anti-Ragging Affidavits by the student and parent/guardian, Gap Certificate (if applicable) and any additional documents prescribed by the counselling authority or the institution.

Medical Fitness & Verification

Every admitted student is required to undergo a medical fitness assessment before commencement of the programme. Admission shall remain provisional until all eligibility conditions are fulfilled, original documents are verified and approval is received from the competent authority. Submission of incorrect information or forged documents shall result in cancellation of admission in accordance with applicable regulations.

Admission Process

Admission is completed through the centralized counselling process conducted by the competent authority. The process generally includes online registration, choice filling, seat allotment, reporting to the institution, verification of original documents, medical fitness assessment, payment of fees, submission of prescribed undertakings and confirmation of admission. Candidates are advised to adhere strictly to the timelines notified by the counselling authority, as failure to report within the stipulated period may result in forfeiture of the allotted seat.

MBBS Programme Structure

The MBBS programme is offered in accordance with the Competency-Based Medical Education (CBME) curriculum prescribed by the National Medical Commission.

Programme Component	Duration
Foundation Course	1 Month
First Professional MBBS	12 Months
Second Professional MBBS	12 Months
Third Professional MBBS – Part I	12 Months
Third Professional MBBS – Part II	18 Months
Compulsory Rotating Medical Internship (CRMI)	12 Months

Scholarships & Education Loan Assistance

Eligible students may avail scholarships under various Government schemes, subject to the eligibility criteria of the respective sponsoring authorities. Students may also obtain education loans from scheduled banks and financial institutions.

The institute extends necessary assistance by providing bonafide certificates, admission letters, fee details, estimated course expenditure and other supporting documents required for educational loan processing.

Fee Structure

The fee structure for the MBBS programme shall be governed by the applicable notifications issued by the competent regulatory authorities from time to time. Tuition fees, hostel charges, security deposits, examination fees, university charges and other applicable fees shall be notified separately through the official admission notification and institutional website. Students are advised to refer to the latest fee schedule before completing the admission process.

Fee Payment & Refund Policy

Fees are to be deposited within the prescribed timelines through the approved payment modes notified by the institution. Any refund of fees in the event of withdrawal or cancellation of admission shall be processed strictly in accordance with the prevailing guidelines issued by the National Medical Commission (NMC), Medical Counselling Committee (MCC), the Government of Uttar Pradesh, the Fee Regulatory Committee and other competent authorities. The institution shall adhere to all applicable statutory provisions regarding refunds, permissible deductions and release of original documents.

Student Undertaking

At the time of admission, every student and parent/guardian shall submit the prescribed declarations and undertakings relating to institutional regulations, anti-ragging compliance, attendance requirements, professional ethics, code of conduct and other statutory requirements as prescribed by the institution and regulatory authorities.

Important Information

All admissions, academic policies, fee structures, scholarships, refunds and institutional regulations are subject to the latest notifications and directives issued by the National Medical Commission (NMC), Medical Counselling Committee (MCC)/DGHS, the Government of Uttar Pradesh, the affiliating University, and other competent authorities. In the event of any modification to statutory regulations, the provisions in force at the relevant time shall prevail. Applicants are encouraged to visit the official website of Fulan Singh Medical College, FS University for the most recent updates and notifications.

Student Rules, Regulations & Code of Conduct

At Fulan Singh Medical College, FS University, students are expected to uphold the highest standards of professionalism, integrity, discipline and ethical conduct throughout their academic journey. The institute fosters a learning environment that promotes mutual respect, accountability, compassion and excellence in medical education. Every student is expected to comply with the institutional regulations, professional standards and guidelines prescribed by the National Medical Commission (NMC) and the University.

Student Leave Policy

Medical education is built upon continuous learning, clinical exposure and active participation. Students are therefore expected to attend all scheduled academic, laboratory, clinical and community-based learning activities. Leave may be granted only under exceptional and genuine circumstances and shall always be subject to the approval of the competent authority.

Leave is not an entitlement and does not exempt a student from fulfilling the minimum attendance requirements prescribed by the National Medical Commission and the University. Students are expected to resume academic activities immediately upon completion of the sanctioned leave period. Any absence without prior approval, except in genuine emergencies, shall be treated in accordance with the institutional regulations.

Depending upon the circumstances, leave may be granted for personal reasons, medical conditions, family emergencies or approved academic activities such as scientific conferences, research presentations, sports competitions, cultural events or other institutional assignments. Applications for medical leave should be supported by appropriate medical documentation, while academic leave requires prior approval from the concerned authority.

Attendance Regulations

Regular attendance is an essential requirement of the Competency-Based Medical Education (CBME) curriculum and plays a vital role in the development of competent healthcare professionals. Students are expected to attend all scheduled theory classes, tutorials, practical sessions, laboratory exercises, clinical postings, skill laboratory sessions, simulation-based training, seminars, integrated teaching sessions and community-based learning activities. Attendance shall be recorded through the approved institutional attendance system.

Every student must maintain the minimum attendance prescribed by the National Medical Commission (NMC) and the University to remain eligible for internal assessments and university examinations. Students are responsible for monitoring their attendance through the ERP Portal and responding promptly to any academic advisories issued by the institution.

Hostel Dining Services

The institute provides hygienic and nutritious dining facilities through the hostel mess, ensuring that students have access to balanced meals in a clean and healthy environment. Students are expected to observe mess timings, maintain cleanliness and decorum, avoid food wastage and treat the dining staff with courtesy and respect.

Hostel Rules & Regulations

The hostels at Fulan Singh Medical College, FS University are designed to provide a safe, secure, inclusive and academically conducive living environment that supports the overall growth and well-being of students. Resident students are expected to maintain discipline, respect the privacy and rights of fellow residents, preserve hostel property, maintain cleanliness and cooperate with the hostel administration. Hostel timings, visitor regulations, and residential guidelines are notified separately by the Hostel Administration and must be observed at all times.

To ensure a healthy and harmonious residential environment, the hostels maintain a strict policy against ragging, smoking, alcohol consumption, substance abuse, gambling, violence, unauthorized cooking, possession of prohibited items and damage to institutional property. Students are expected to observe quiet hours, use common facilities responsibly, conserve natural resources and comply with all safety and emergency protocols.

Professional Conduct

As future medical professionals, students are expected to conduct themselves with dignity, integrity, empathy and professionalism in every academic and clinical setting. Respect for patients, faculty members, healthcare professionals, support staff and fellow students is fundamental to the culture of Fulan Singh Medical College, FS University.

Students are expected to uphold the principles of medical ethics, maintain patient confidentiality, demonstrate honesty in all academic activities, comply with institutional policies and represent the institution with pride and responsibility. Every interaction within the classrooms, laboratories, FS Hospital and community healthcare settings should reflect the values of compassion, accountability and service to humanity.

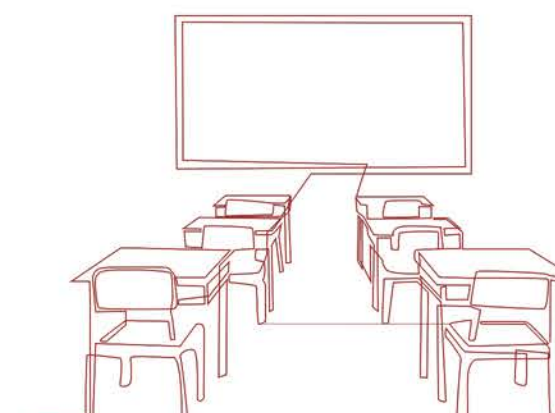

Student Responsibility

Every student admitted to Fulan Singh Medical College, FS University becomes a member of a distinguished academic community dedicated to excellence in medical education and compassionate healthcare. Students are expected to demonstrate sincerity in their studies, maintain exemplary professional conduct, respect institutional values, safeguard patient dignity, comply with academic and administrative regulations and actively contribute to the advancement of community health.

By embracing these principles, students not only fulfil their responsibilities as learners but also prepare themselves to become competent, ethical and compassionate medical professionals committed to serving society with excellence.

- Postgraduate medical education (MD/MS/DNB) and subsequent Super-speciality programmes (DM/MCh).
- Careers in public health, preventive medicine, healthcare administration and policy.
- Medical education and academic research.
- Clinical research, biomedical innovation and the pharmaceutical and biotechnology industries.
- Armed Forces Medical Services and other government healthcare organisations.
- Healthcare entrepreneurship and digital health innovation.
- International medical careers after fulfilling the licensing requirements of the respective countries, including examinations such as USMLE (United States), UKMLA (United Kingdom), AMC (Australia), MCCQE (Canada), NZREX (New Zealand), PRES (Ireland) and the applicable licensing examinations for Gulf countries.

Examination Regulations

The assessment system at Fulan Singh Medical College, FS University is designed in accordance with the Competency-Based Medical Education (CBME) curriculum prescribed by the National Medical Commission (NMC). It aims to evaluate not only academic knowledge but also clinical competence, professional behaviour, communication skills, ethical values and lifelong learning.

Assessment is carried out through a combination of written examinations, practical and clinical assessments, viva voce, seminars, assignments, logbooks and continuous formative evaluation. Eligibility to appear in the University examinations is determined in accordance with the attendance requirements, internal assessment criteria and examination regulations prescribed by the National Medical Commission and the University.

Students are expected to uphold the highest standards of academic honesty during all examinations. The use of unfair means, unauthorized materials, electronic devices, impersonation or any form of examination misconduct is strictly prohibited and shall be dealt with in accordance with the applicable University and institutional regulations.

Student Discipline and Professional Conduct

Professionalism is the hallmark of medical education. Every student of Fulan Singh Medical College, FS University is expected to demonstrate integrity, accountability, punctuality, discipline and respect in all academic, clinical and community settings.

Students are required to adhere to the prescribed dress code, wear their institutional identity card, maintain patient confidentiality, comply with infection prevention and safety protocols, protect institutional property and conduct themselves with courtesy and professionalism while interacting with patients, faculty members, healthcare professionals, staff and fellow students. Any act of academic misconduct, indiscipline, harassment, violence, cyber misconduct or violation of professional ethics shall be addressed in accordance with the applicable institutional regulations.

Anti-Ragging Policy

Fulan Singh Medical College, FS University maintains a zero-tolerance policy towards ragging and is committed to providing a safe, respectful and inclusive learning environment for every student. Any act of physical, verbal, psychological, online or indirect ragging is strictly prohibited. The College complies fully with the directives of the Hon'ble Supreme Court of India, the University Grants Commission (UGC), the National Medical Commission (NMC), and all other applicable statutory authorities. Every student and parent/guardian is required to submit the prescribed anti-ragging undertakings at the time of admission.

Student Welfare and Support

The holistic development of students remains a central priority at Fulan Singh Medical College, FS University. A comprehensive support system is available to assist students throughout their academic journey through faculty mentorship, academic counselling, career guidance, psychological counselling, wellness initiatives, leadership development programmes, sports, cultural activities, research opportunities and community outreach initiatives.

The institution also maintains a transparent and student-friendly grievance redressal mechanism for addressing concerns related to academics, examinations, hostel facilities, library services, administration, student welfare or any other institutional matter in a fair, confidential and timely manner.

In accordance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, the institution has constituted an Internal Complaints Committee (ICC) to ensure a safe, respectful and gender-sensitive campus environment. All complaints are handled with confidentiality, impartiality and due process.

ZERO TOLERANCE FOR RAGGING

Campus Safety & Security

The safety and well-being of students, patients, faculty and staff are of paramount importance. The campus is equipped with comprehensive safety measures, including 24x7 security personnel, CCTV surveillance, fire safety systems, emergency medical services through FS Hospital, controlled access to key facilities and dedicated initiatives for student safety and well-being. Students are expected to cooperate fully with all institutional safety and security protocols.

Medical Ethics

The practice of medicine is founded on trust, compassion and ethical responsibility. Students are expected to uphold the principles of medical ethics by respecting patient dignity and autonomy, maintaining confidentiality, obtaining appropriate consent wherever applicable, practising honesty and integrity and delivering compassionate, "patient-centred" care. Professional behaviour is expected in classrooms, laboratories, FS Hospital and all community healthcare settings.
